Dear Roger.

Thank you Roger for your gracious invitation to send news and prayer requests. I have not responded because of some health problems at this time: I have had muscle aches all over for about a month now, and without trying, I lost 22 pounds in 21 days and my doctor is making tests hopefully to determine cause and cure. Prayers for my health at this time mean much and also for my sister who has advancing Alzheimer's.

I have been attending two churches here in Chattanooga - mostd often at Lookoutd Mountain Presbyterian Church (PCA). I continue to have opportunities to teach the Scriptures to adults at Sunday School: for this and other opportunities I am grateful. I miss everyone at Presbytery, and I thank you for keeping me informed as to Presbytery activities and actions. I am especially grateful for your prayers. I will continue to remember you and the ministries of the Presbytery. Yours, in Christ, with love, - John Allen.
