

Annual Report August 2017

Presbytery of Mississippi Valley

Brothers, I have been teaching Sunday School at Providence Presbyterian Church. I taught on the book of Ecclesiastes and then the Doctrine of the Trinity.

I have been teaching as an adjunct at Belhaven's Aspire Program. I have been teaching Old Testament Survey and Christian Interpretation/World View classes this past year.

I continue to be the Chair for the Mission to the Military Committee. Our focus is to help men become Chaplains, support Doug Hudson's ministry "Ministry to the Military International." And finally, we want to help veterans who are having problems because of their combat experience. So, I am showing the film, Honoring the Code, whenever I can. The film presents Christ as the solution to Moral Injury. The film was shown at Sylvarina Baptist church with 30 attending. The film will be shown on June 19<sup>th</sup> in conjunction with the American Legion in Bay Springs, MS. I am developing a Bible Study for those who want to take the film further!

I am working with the Supervisory Chaplain at the VA and show his new students the film, Honoring the Code. Then we have some question and answer time. This is for the Clinical Pastoral Education units or CPE, in order to become a hospital chaplain.

I continue to work at the Vet Center and travel and engage veterans to use the Vet Center if they have any issues.

I am available on Sundays to preach when I am not teaching Sunday School.

MY wife and I both attend Providence Presbyterian Church. I help with Sunday School and other things. My wife enjoys singing in the choir. We have one grandson that keeps us hopping.

Respectfully,

TE Donald Malin
