Dear Roger,

RTS let me move into seminary housing. My wife and I greatly appreciate their helping us out in this way. I am discussing a possible stated supply relationship and should know something definite one way or the other soon. If that doesn't work out, I will be looking for pulpit supply opportunities as well as a more permanent call. I took two D.Min. courses at RTS in July and greatly enjoyed them. I still have some papers to write to finish the requirements for the two courses. I was elected to the SJC, class of 2015, and plan on attending their meeting in October.

Grover
